About Fairview Cemetery

The Fairview Cemetery is situated on approximately ten acres at the east end of Lindström, on the south side of Highway 8. The city maintains the cemetery property year round (excluding monuments). Plots and Columbarium niches are available to residents and non-residents.

Original Section and First Addition

The Original Section is on the north end of the cemetery, and dates back to the late 1800's. South Center Lake is along the east end. The First Addition was later added, and borders the southern edge of the Original Section. Plots in these sections allow for both traditional and cremation burials.

(For pricing and monument information, see the following sections of this pamphlet.)

Third Addition

The Third Addition (formerly known as the Second Addition) is the newest section of the cemetery. It is located on both the east and west sides of the central cemetery road, south of the First Addition. Plots in this section allow for both traditional and cremation burials.

(For pricing and monument information, see the following sections of this pamphlet.)
